

#1112 Red Cellulose Splicing Tape 2.3 mil

FilmLOC® Advantage Specialty Tapes for the Label Printing Industry

Description #1112 is a transparent cellulose film tape with a red pigment rubber based adhesive.

Applications For splicing paper or film substrates. Suitable for use only with non-release coated substrates or surfaces.

Performance May be torn by hand. Anti-static properties make it easy to apply. Red color makes it easy to detect. Cellulose film and rubber adhesive make it biodegradable. Best results occur when surface is free from oil, dust, release agents or other contaminants.
