

#4310 PVC Double Sided Plate Mounting Tape 4.7 mil

FilmLOC® Advantage Specialty Tapes for the Label Printing Industry

Description #4310 is a double sided clear PVC tape especially designed for flexographic plate mounting. Has high tack rubber adhesive on both sides and is based on an embossed brown PVC release liner.

Applications For mounting flexographic or rotary letterpress photopolymer and rubber plates.

Performance Specially engineered adhesive allows repositioning while applying the tape. Holds plates securely at high press speeds and on long print runs. Tape removes from the cylinder or sleeve in one piece without leaving a residue. Withstands temperatures to 158° F.
