

#209XQ PET Extra Quiet Release Coated Gloss 1.5 mil

FilmLOC® Advantage Self Wound Lamination for Labels and Tags

Description #209XQ extra quiet easy release gloss polyester self wound lamination. Our heavy release coating gives a very quiet unwind.

Applications Less costly alternative to lined polyester laminates. Recommended for vinyl, film and paper labels and for polyester prime labels and compliance labels. Excellent for reinforcing. Smooth and quiet release prevents tension from lamination pulling back on the web. Extra quiet for use on Austik Diamond Label Finishing Equipment. Also works well on NewFoil and other hot stamp type converting presses that have tension problems when trying to use standard release self wound laminations.

Product Data	Effective 08/14/07
<i>Film</i> PSTC-33	1.0 mil Gloss Polyester
<i>Adhesive</i>	0.5 mil emulsion acrylic
<i>Overall Thickness</i> PSTC-33	1.5 mil
<i>Web Width</i>	58.0" master roll
<i>Standard Length</i>	5,000 feet
<i>Availability and Shipping Location</i>	Custom slit only in Charlotte. Full web cuts only.
<i>Custom Slitting Available in 1/16" Increments</i>	From 1/2" to 58.0" in lengths from 1,250' to 5,000' in full web cuts only. There is an up charge on widths less than 2".
