

JetLOC™ P60W

Ink Jet Receptive White PET Tag or Card Stock

Preliminary Data Sheet Effective 08/18/07

Item JetLOC P60W	White PET Ink Jet Coated Tag or Card Stock
Description	White PET film card stock with a super optical white finish and Ink Jet receptive top-coating.
Applications	Developed for converting applications where intense white substrate properties are required in conjunction with ink jet personalization and graphics. Use JetLOC card stock with Ap-Peels+ or Double Coated ApPeels+ to create membership cards, game pieces, promotional cards, loyalty programs.
Advantages	The super optical white finish of the ink jet receptive coating allows for extreme contrast in critical applications. Provides an excellent means of constructing loyalty and membership cards when combined with FilmLOC ApPeels+ (dry release laminate) or Double Coated Ap-Peels+ with all of the adhesive coatings already built-in. This durable PET card stock is dimensionally stable, and resists the creasing, staining, and wear typically encountered with most other card stocks. The core substrate selection can encompass a variety of caliper options and receptive coatings to match your specific application needs.
Structural Design	White PET film card stock with a super optical white finish and Ink Jet receptive top-coating.
