

# Austik Diamond Mini-6

## Specialty Label Laminating and Converting Equipment

Mini-6

### The Diamond Mini-6 Series...

- Laminate and die cut printed labels in-line with any digital output press or roll fed printer or roll-to roll with in-line unwind stand.
- Maximum die cutting area is 6" x 6". Maximum web width 6.25". Slitter is standard.
- Unique reciprocating rotary with re-registration system for converting preprinted labels. All job changes are done without removing cylinders from the press.
- Exceptional value for a "mini" investment.
- Extremely small footprint and feed path helps eliminate the waste of time and materials during set-up and changeover.
