INTELLI-PLAC®

INTELLI-PLAC® placards last longer, perform **better**, and have a more diverse range of applications than competitive products.

INTELL-PLAC® is FilmLOC's patented silicone-free placard label holder for labeling and re-labeling almost anything.
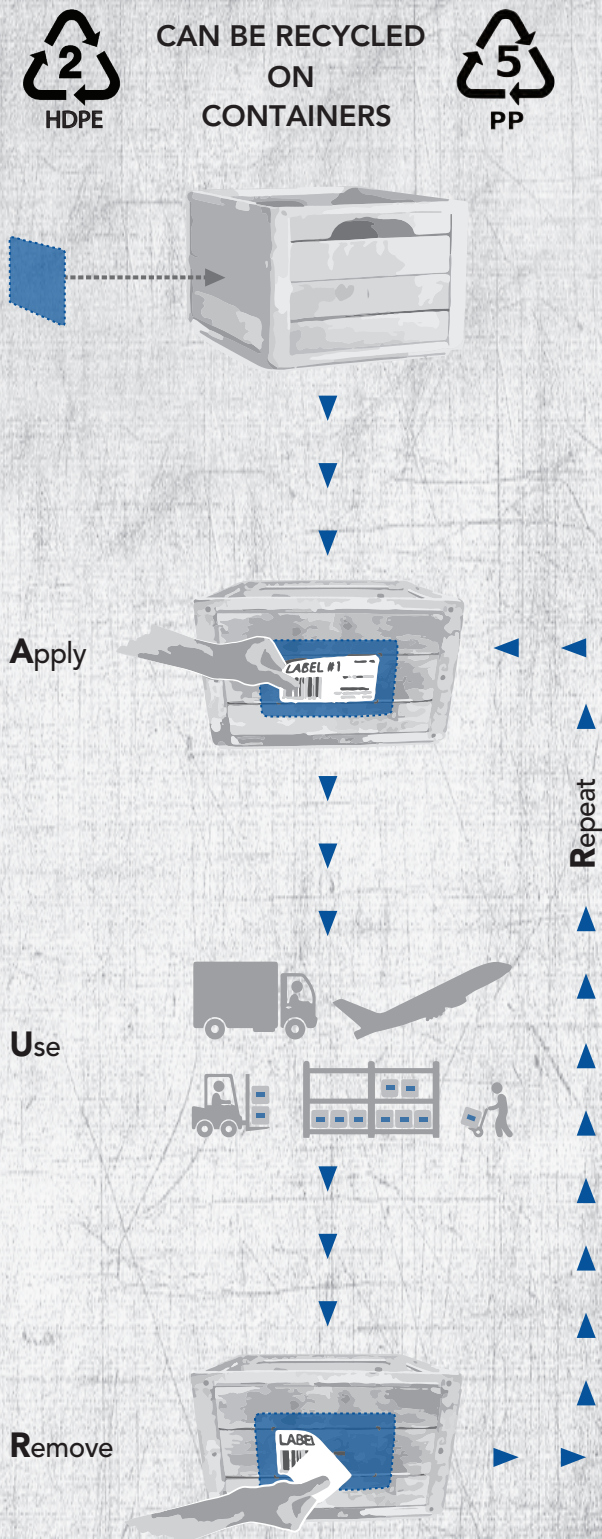

Because it is manufactured from a single layer, embossed polymer film, INTELLI-PLAC® has no silicone or other contaminating coatings. This makes it the ideal reusable placard label holder for paint shops, clean rooms, and any other area involving sensitive applications. Laboratory tests indicate INTELLI-PLAC® 's single layer embossed surface withstands exposure to washing, chemicals, variable temperatures, and extreme weather better than multi-layer silicone surface placards.

The silicone free composition allows INTELLI-PLAC® to be recycled, even when applied to HDPE and PP containers. INTELLI-PLAC® works with many standard thermal transfer and direct thermal printable label substrates.

The embossed polymer surface reduces label contact and prevents adhesive residue buildup, permitting extensive re-use and re-labeling.

INTELLI-PLAC® Patent US 7,892,598
Product information effective 01/16/15

CAN BE RECYCLED ON CONTAINERS

♲ 2 HDPE   ♲ 5 PP

Repeat

The standard adhesive conforms to FDA 175.105 for indirect food contact, child toy safety act and CONEG regulations.

Let us customize your unit counts, placard dimensions, placard color, background graphics, and adhesive to meet your placard needs.

Peel Data (oz/in)

Stainless	30 min. at 73°F	39.5 AF
Stainless	24 hr. at 73°F	44.6 AF
Stainless	1 week at 158°F	45.1 AF
L D P E	30 min. at 73°F	25.5 AF

Tack, Shear and Static Peel Data

Loop Tack (lbs/square inch)	4.5 AF
Probe Tack (grams)	1110 AF
Shear Resistance (in/kg in min)	>120 AF
Static Peel (in/kg in min)	1330 AF

Application Data

Application Temperature	> 20 F°
Ultimate Adhesion	24 hours
Service Temperature	-20°F to 220 F
Shelf Life	1 year

Stock Sizes

2"x 4" x 100 units
3"x 5" x 100 units
4.5"x 6.5" x 100 units
5"x 7" x 100 units
6"x 8" x 100 units
8"x 10" x 100 units
10"x 14" x 100 units
